Passcode: LGSTAC

Purpose: Evaluating the current status of the technology infrastructure and education technology systems in the district. This committee will provide advice on the district's technology goals and strategies including an update of the roadmap of the technology capital projects to be completed as part of the Measure E bond program.

Objective 1: Advise on the process and procedures for capital project expenditures related to EdTech and technology infrastructure based on identified needs or district initiatives.

Objective 2: Advise on the development of a multi-year strategic plan specific to technology hardware and infrastructure replacements and upgrades.

Objective 3: Identify and advise on trends in educational technology systems to maintain attainable and supportive educational technology system growth
